What is Hekima Policy?

Hekima Policy is a wonderful wealth creation policy which gives the policy holder the dual benefit of protection alongside potentially high returns upon policy maturity.

How is the policy unique?

- The policy combines insurance protection in case of the death of the life assured with an opportunity to earn high returns upon maturity
- Bonuses are computed as a percentage of the Sum Assured and declared every year. Minimum guaranteed bonus is 2.5% per annum
- Partial maturity payment is flexible with several options to choose from.
- In case of the unfortunate natural death of the Life Assured during the term of the policy, basic Sum Assured and the accrued bonuses are paid out to the named dependants without deducting any partial maturity already paid out.
- The policy pays out a total of 160% of the Sum Assured.
- The policy term ranges from 12-24 years.
